THE BRITISH COLUMBIAN.

NO. 74. VOL. 8.] NEW WESTMINSTER, WEDNESDAY OCTOBER 28, 1868. [PRICE 6d. or 12 cts.

THIS JOURNAL is the oldest newspaper published in British Columbia; is read by every business man from New Westminster to the Rocky Mountains, and is unrivalled as an advertising medium for this Colony.

DAVID SPENCER, in Victoria, and L. P. FISHER, in San Francisco, are our authorized Agents.

This paper may be read gratuitously in London at the Central Establishment of "HOLLOWAY'S PILLS AND OINTMENT," 244, Strand, where advertisements and subscriptions for the same are received.

THE KING OF BAVARIA kindly permitted Doct. J. C. Ayer to have a copy taken of Ranch's celebrated collossal statue of Victory, which belongs to the Bavarian crown, and stands at the entrance of the Royal Palace at Munich. The Doctor had it cast in bronze, and has presented it to the city of Lowell, where it stands in the Park and symbolizes the triumphs both of freedom and medicine. Her manufactures are the pride of Lowell, and foremost amongst them AYER'S MEDICINES make her name gratefully remembered by an unnumbered multitude who are cured by them of afflicting and often dangerous diseases.—Boston *Journal*.

HOLLOWAY'S PILLS.—Enfeebeled Existence.—This medicine embraces every attribute required in a general and domestic remedy: it overturns the foundations of disease laid by defective food and impure air. In obstructions or congestions of the liver, lungs, bowels or any other organ, these Pills are especially serviceable and eminently successful. They should be kept in readiness in every family, as they are a medicine without a fault for young persons, and those of feeble constitutions. They never cause pain or irritate the most sensitive nerves or most tender bowels. Holloway's Pills are the best known purifiers of the blood, and the best promoters of absorption and secretion, which remove all poisonous and obnoxious particles from both solids and fluids.

"KNOWLEDGE IS POWER."—Although it has been said there is "Nothing like Capital," yet, where capital is not combined with a thorough knowledge of business, "the best laid schemes o' men—and mice—gang aft aglee." But when both these requisites to success, "Thorough knowledge" and "Ample capital," are combined (as in the case of the Firm of Clute & Clarkson, of this city), the result must be obvious. We refer our readers to their Advertisement in another column.

SALEM GOODS.—Mr. Cunningham has just received, direct from the Salem Woolen Mills, Oregon, a choice selection of Tweeds and Flannels, suitable for Fall and Winter clothing. These goods are in excellent styles and are remarkable for durability. *

New Advertisements.

S.T-1860-X.

A great French Physician says: "More than half the disease in the world comes from neglect to fortify the system against changes of climate, weather and food. The great secret of health is to keep the condition of the Stomach and Blood regular and uniform, so that changes from Heat to Cold, from Dry to Damp, etc., cannot upset the machinery of the Body, and breed disease."

Now, it is a fact, positive and well known, that there is no such bulwark and assistant for the Stomach as

PLANTATION BITTERS.

This splendid Tonic is now used by all classes of people for every symptom of a "Stomach out of order."

The secret of it is this: Plantation Bitters are certain to correct the juices of the Stomach, set all its machinery at work, and enable it to resist and throw off the approaching danger. The tendency of the operations of Nature is always toward a cure; all she needs is a little assistance at the proper time. How much more reasonable and sensible it is to help her along with a gentle yet powerful Tonic, than to deluge and weaken and defeat her curative processes with poisonous drugs and fiery mixtures which only stupify and plant the seeds of disease and death.

Important Certificates.

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y."

"* * * Then wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend, ASA CURRIE, Phil., Pa."

"* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV. J. S. CATHORN, Rochester, N. Y."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G. W. D. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O."

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted Nature's great restorer.

The public may rest assured that in no case will the perfectly pure standard of the PLANTATION BITTERS be departed from.

Every bottle bears the fac-simile of our signature on a steel plate engraving, or it cannot be genuine.

Any person pretending to sell PLANTATION BITTERS *in bulk or by the gallon, is a swindler and imposter. Beware of refilled bottles. See that our Private Stamp is* UNMUTILATED *over every cork.*

Sold by all Druggists, Grocers and Dealers throughout the world.

P. H. Drake & Co. NEW YORK, SOLE PROPRIETORS.
Redington & Co., 416 and 418 Front St. San Francisco,
Agents for California and Nevada.

FLEAS.

LYON'S MAGNETIC INSECT POWDER is sure and certain death to everything of the Insect species—Fleas, Roaches, Mosquitos, Ants, Bugs.

IT KILLS INSTANTLY.

What is peculiarly surprising in regard to this article is, that notwithstanding its instant death to insects, it is perfectly harmless to mankind and domestic animals. It can be inhaled or eaten with impunity. It bears the testimony of eminent disinterested chemists that it is

FREE FROM POISON.

No article has ever given such positive satisfaction in its use.

Its reputation is well known. It is easily and readily used—Directions accompany each flask. Beware of counterfeits.

The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.

Sold by all druggists and dealers on Pacific Coast.

MEXICAN MUSTANG LINIMENT.

It is an admitted fact that the Mexican Mustang Liniment performs more cures in shorter time, on man and beast, than any article ever discovered.

No compound has ever been invented so useful and efficacious in curing

RHEUMATISM, SORE THROAT,
STIFF & WEAK JOINTS, BURNS,
BRUISES, EAR ACHE,
SPRAINS, FRESH CUTS OR WOUNDS,
SWELLINGS,

Or any other complaints requiring external application.

FOR HORSES,

It is an indispensable and valuable remedy in all cases of Spavin, Splint, Ring-bone, Wind-galls, Bruises, Strains, &c.

It should be kept in every house, camp and stable. Accidents will occur. Promptness is efficacy.

All genuine is wrapped in steel plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the PRIVATE U. S. Stamp of DEMAS BARNES & Co. over the top.

An effort has been made to counterfeit it with a cheap stone plate label. LOOK CLOSELY!

Sold by all Druggists and Stores in every town and mining camp on the Pacific coast.

WEDNESDAY, OCTOBER 28, 1868.

THE VICTORIA ELECTIONS.

The tempest in the teapot is at its height. Little Peddlington is in labour. It remains to be seen what it will bring forth. The candidates are now fairly before the public, and, consequently, form legitimate material for newspaper criticism. They have been trotted out in pairs. Helmcken & Drake are the Government bays! Law and Physic! DeCosmos & Powell make up what we may call the People's span. Taking the oldest—the oldest in politics, and, possibly, in sin, too—first, we do not see much in Mr. Helmcken's address to find fault with; but this may be, perhaps, attributed to the fact that there isn't much in it. The Doctor thus opens: "Having received a warm-hearted and numerously signed address," &c. Did you ever? No, never! He goes on to tell these "warm-hearted" people, whose names he is considerate enough to keep out of vulgar gaze, that "both this country and Canada being in a transition state, I deem it both unwise and imprudent to take any voluntary steps to bring this colony under the Dominion of Canada." Now it is curious enough that nobody proposes to "bring this colony under the Dominion of Canada." The Doctor must, therefore, be either ill-informed or disingenuous in putting forward such a proposition. The use of the word "voluntary" obviously suggests the possibility of the extension of Confederation by coercive measures. Probably the Doctor had in his mind the possibility that, Confederation being an Imperial measure, and this being a Crown Colony, the time may come when he and those who act with him may have to take *involuntary* steps. This being the case, wouldn't true wisdom counsel timely preparation? The Doctor prefers to "go it blind." He is evidently a fatalist. We are not warranted, however, in attaching much importance to what this erratic medicineman may say in an electioneering address, for it is by no means improbable that he will be found in the approaching session, as he was found in a previous one, the most urgent and enthusiastic advocate of "immediate Confederation." Passing on to the Doctor's mate, we have a man of a different stamp to deal with. Like the Doctor, he is eminent in his profession. Unlike the Doctor, he is new to politics, unknown and untried on the Turf. Unlike the Doctor he has committed the obvious indiscretion of publishing the names of those who called him out. We use the term *indiscretion* because one cannot glance at the published list without being struck with the Annexation complexion it bears. But why should it be thought strange that Annexationists support the anti-Confederation candidates? It isn't a bit strange; but it's a little bit awkward—for Drake and for the Government party! Well, what does Mr. Drake say? "I believe the time has not arrived for Confederation." Why? "We are absolutely ignorant of its advantages and disadvantages." Oh! Oh! Mr. Drake! Why didn't you "work up" your case? Why didn't you inform yourself upon the subject of subjects before offering yourself as a leader of the people? Absolute ignorance in your case is scarcely excusable, and if indulged in must unfit you for the position to which you aspire. "One thing," continues *Mr.* Drake, "is certain, if we should now be incorporated into the Dominion, our individual interests are at an end." Come now, *Mr.* Drake; you in absolute ignorance of the advantages and disadvantages of the measure and yet pronounce upon both! Reciprocity, he says, we do not want, 'unless upon advantageous conditions.' Here, at any rate, we fancy *Mr.* Drake will be endorsed by all parties and creeds. Yet one can hardly understand anybody wanting reciprocity upon any other conditions. But here again *Mr.* Drake would appear to be in absolute ignorance, and is evidently confounding a Reciprocity Treaty with Free Trade, for he says, "I believe that the agricultural and manufacturing interests must be fostered by every means in our power until they are firmly established, and then we might revert to a free port system with advantage." Upon the various other topics *Mr.* Drake would appear to be sound, although they are little more than hinted at; But one is puzzled to understand him when he advocates "a return to the more simple form of Government, which eight years ago, with a larger population and smaller revenue, was ample for all our wants and under which we were contented and prosperous." Surely he can't mean the form of Government possessed by Vancouver Island before the Union! Crossing over to the "Opposition Benches," Dr. Powell has had the good sense to say nothing, and, consequently, we have nothing to criticise. But what shall we say of the old war-horse, Mr. DeCosmos? In five thousand two hundred "ems," by the compositor's rule, a man must say something. He has said a great deal, and some of it is much to the purpose. His opening bit of virtuous indignation at the word "select," *vs.* "elect," does well enough as a prefatory flourish. Until the system of Government and the basis of representation, so-called, are changed, we are rather in favor than otherwise of a check being placed in somebody's hands; and the check is probably as well in the hands of the Governor as anywhere else. At all events his most bitter enemies cannot charge him with abusing it, or even *using* it. Why, then, all this ado? It is not the check but the condition which renders that check necessary that is "so degrading to our sense of manhood." Passing on to the great long paragraph on Confederation, we confess to a feeling of disappointment. There is an evident coyness here, a coquetting with the subject, which we didn't in the least expect from Mr. DeCosmos. The attitude and tone are so different that one involuntarily asks, "Is it possible that DeCosmos could utter an uncertain or undefined sound on CONFEDERATION, in order to catch an unsound vote?" Perish the thought! And yet the base suspicion is not altogether unjustifiable; for does not he in his summing up say, "Retrenchment and Self-government are, therefore, the two leading political principles on which I have the honor to solicit your suffrages"? Where is Confedeartion then? Somewhat marred by these defects, the address is, in the main, a good, outspoken one. Upon the two great questions of Retrenchment and Self-government there is no wavering, no double-dealing. Which of these four will be returned? We incline to the opinion that one of each party will be elected—probably Helmcken and DeCosmos. We would prefer to see Mr. Drake substituted for Dr. Helmcken. True, he is untried; but we are greatly disposed to think that he will make a more really useful legislator than the other. Dr. Helmcken has been long trying his hand. Can anybody point to a single creation of his. Beyond indulging in "small wit," which is only useful as a counter-irritant for the moment, what has he ever done? True, he has advocated some important measures, *and opposed others*. But, then, his "Jim Crowism" completely negatives whatever influence he might otherwise exert. It is just possible that *Mr.* DeCosmos may be defeated. The *alien vote* so artfully invoked by our very artful Colonial Secretary, may do its work. But will *Mr.* DeCosmos be less powerful outside than in, if kept out by such a trick? Honestly, we should regret his defeat. Perhaps few have "crossed swords" oftener than the present writer and *Mr.* DeCosmos. We have no reason to love him as a man. As a politician we differ with him in many things, and distrust him in everything! Yet, as a political opponent, we cannot but admire the self-sacrificing zeal, the absolute devotion with which the man has advocated measures which he doubtless, for the time, believed to be right; and that he possesses legislative abilities of no mean order, speaking locally, of course, his most bitter enemies will admit. Victoria would, indeed, be guilty of the grossest ingratitude in throwing *Mr.* DeCosmos overboard now. She may do it to injure Confederation. She will, perhaps, by the doing of it, inflict far greater injury upon herself. Confederation can live and prosper without DeCosmos. Can Victoria say as much?

WEDNESDAY, OCTOBER 28, 1868.

ELECTION ITEMS.—Dr. Carroll has been elected without opposition for Cariboo, the other candidates having retired. The Doctor is strong on confederation, and will, we have reason to believe, make a good member. MR. Barnard has declined the nomination for Yale, and Mr. Havelock, Editor of the *Examiner*, has consented to stand, in response to an influential requisition. MR. Havelock will doubtless be elected without opposition. We shall be glad to welcome him as a stanrch Reformer and confederationist. It is expected that MR. N M Hicks will be elected for Kootenay. He will make a good member. For Nanaimo two Victoria lawyers, messrs. Ring and Bishop are out. Between them be it. For Victoria District, Dr. Davie and MR. Green are out. Probably the latter will be returned. They are both equally unsound on the main issue. In Victoria city, Drs. Helmcken and Powell, and messrs. Drake and Decosmos, are out. It is thought by well-informed persons that the first and last named will be elected.

FROM VICTORIA. — The str Enterprise, capt. Swanson, returned from Victoria last evening, with freight and passengers. We glean the following from the local papers:—The Fideliter returned from Sitka on Sunday, but brought no news of importance. The str. J L Stevens will be due at Victoria on Wednesday (this) evening. MR. N M Hicks has received a letter from his partner in Kootenay, fully confirming the report of rich diggings having been struck on a new creek. In three days the discoverers (three men) panned out $219 50, sometimes getting $15 and $18 to the pan! The ground was all taken up and a town laid off, and the Hudson Bay co; had started a store. MR. Piper, the justly celebrated candy artist, has brought out another political groupe. It represents Drs. Helmcken and Powell in consultation over MR. Decosmos, who is represented as suffering from Dr. Helmcken's anti-confederation pills.

A FAVORABLE INDICATION.—No fewer than six of the farmers in this District, being citizens of the United States, took the necessary steps before the local Magistrate, yesterday, for transferring their allegience to the British Government. Most of these men have been in this colony since 1858, and are industrious settlers, who are likely to do well for themselves and contribute their quota towards the general prosperity of the colony. It is a good sign when such men as these make up their mind to adopt British columbia as a permanent home. We bid all such a hearty welcome.

OH! OH!!—MR. Bright Sea Green, Editor-in-chief of the Victoria *Colonist*, is a candidate for the representation of Victoria District in the Legislative Council. Well. There is nothing either wonderful or shocking in that. But he says in his published address, ten out of the twelve clauses of which begin with the big "I,"—says he, "I believe that the two questions of Confederation with canada and Free Trade are dead and buried"!! This from the editor of the *Colonist*!!!

WRECK OF THE DEL NORTE.—We regret to have to chronicle the wreck of the San Francisco steamship Del Norte, on Thursday last, in Portier Pass, by running upon Canoe Reef. She was on her way from Nanaimo to Victoria. It is believed she will prove a total loss.

FROM YALE.—The steamer Onward, Capt. Irving, returned from Yale on Monday evening, bringing quite a number of passengers. Numbers of others arrived by canoes during yesterday. There is no news of importance.

FROM VICTORIA.—The str. Enterprise, capt. Swanson, returned from Victoria on Saturday, and left again in the evening. She carried away a large number of passengers, many of whom had come from Yale in canoes.

SELL 'EM GOODS? Of course they do! Can't you see that as you pass their store every day? and all kinds of goods, too. Why, their stock cannot be surpassed anywhere on this side of Land, for price and quality! Give them a call, don't be afraid. There is never anything but *Goods* sold at Clute & Clarkson's. *

CARIBOO NEWS.

The Onward brought us files of the *Sentinel* of the 13th inst., from which we glean the following:—

The mining intelligence is meagre and uninteresting. Sufficient rain had not fallen to perceptibly increase the water supply; the dry weather had returned, and, consequently, mining operations were almost nil. The week's yield for 6 claims on Williams creek had dwindled down to 330 ounces! Stout's Gulch had done rather better, producing 400 ounces from four claims. The accounts from the new creek, called "Hard Scrabble," continue encouraging. A single interest in the Discovery claim had changed hands at $1000. There were nine companies located on this creek, viz., Aurora, 800 feet; Eureka, 800 feet; Discovery, 1400 feet; Slide 800 feet; Caradoc, 1500 feet; Mary Ann, 500 feet; Cambrian, 1000 feet; Wide West, 500 feet; Green Horn, 600 feet. On Harvey creek, the Minnehaha co. has struck a good prospect, and the company is preparing to work all winter.

The Banks have reduced the purchase price of gold dust one per cent., a measure which has created very great dissatisfaction amongst the miners, as the price heretofore paid was considered too low. A large and influential meeting was held in Barkerville, on the 12th, for the purpose of taking steps to organize a Fire Brigade. MR. H. S. Blunt, of the Bank of B. C., presided; and MR. Gillon of the Bank of B. N. A., addressed the meeting in a very neat and appropriate speech. MR. J T Scott, and several other gentlemen, also addressed the meeting. A Committee was appointed to lay before the public a scheme for organization. The Committee consisted of messrs Scott, Bruce, McNehanie; Burdock, and Wark. Messrs Blunt, Grant, Strouss, Wark, and Todd were appointed a Committee to solicit subscriptions. The Rev MR Derrick preached his first sermon on Williams creek, on Sunday the 11th. The attendance was large, and the sermon was listened to with great attention. Steps are being taken to have two places of worship erected. Tom O'Neill very cooly mounted a horse that was hitched at the butcher's shop, Barkerville, and rode towards Richfield. Officer Fitzgerald brought him back and kindly lodged him at the public expense.

TELEGRAPHIC SUMMARY.

European news is only to the 18th. In England the Parlimentary elections constitute the all-absorbing topic. The canvas is becoming very lively, and several Tory members of the late House of Commons have become discouraged and retired from the contest. The liberals are confident that they will have a majority of 35 or more on a full vote, in the new parliament Gladstone is actively canvassing South Lancashire, where he daily addresses a large and enthusiastic meeting. Roebuck's hostility to the Trades Unions insures his success in Sheffield. It is understood that the basis agreed upon by Johnson and Lord Stanley for settlement of the Alabama question, is that a mixed commission be formed which shall hold sessions in London and pass all claims preferred by English and American citizens. The London *Times* of the 17th has a leading article on Burlingame's mission. It thinks the circumstance of his nationality will be overlooked, provided he abstain from political intrigues. It says no country can have a greater interest in the result of the mission than Great Britain. The question of succession to the throne of Spain is still undecided. The choice of Prince Alfred has been suggested; but the fact of his being a Protestant is alone regarded as presenting an insuperable barrier. Ferdinando, ex-king of Portugal, is mentioned with favor. General Prim has received the title of Marshal of Spain. General Dolce has received the title of Duke of Madrid. Admiral Merdez Nunez has been appointed Captain General of the Fleet. Kios Kazas has been appointed Minister to the Court of St. James. General Prim is accused of intriguing for supreme power, but it is thought he will be checkmated by Espartes, who was daily expected at Madrid, and who disapproves of Prim's influence in the Government. The Republicans have already commenced agitation in Barcelona. They protest against the acts of Prim and Serrano. A Paris paper publishes the report of an unsuccessful attempt to assassinate Prim, at Madrid. The assassin was arrested and afterwards liberated by General Prim himself.

The Eastern States news is of even date, but is unimportant. Negotiations are in progress between the American Atlantic Telegraph Cable Company, of New York, and some foreign capitalists, to lay a cable direct to Belgium, and responsible parties are ready to enter into a contract to put down the cable for $500,000. A severe gale occurred on Lake Michigan, on the 16th. Several vessels were wrecked, and some lives lost. The proposition to change the Democratic Presedential ticket is repudiated by the party in New York, who sey they do not despair yet. The proposition to withdraw Seymour is commented upon by the Democratic press all over the country. The question of how the withdrawal would affect bets pending on his election appears to form an important element in the discussion!

The news from California is more than usually important. At 6¼ minutes before 8 o'clock on the morning of the 21st. San Francisco was visited by the severest earthquake shock that has ever been known; the general direction of the shock was from south-east to north-west. The shock lasted 42 seconds, and gathered violence as it continued, until near the end; the time of the second shock was 9:23 o'clock, duration 15 seconds, direction the same as before, but lighter and briefer; tremors occured at intervals of about half an hour, until 15 minutes past 12 o'clock. The initial shock was felt most severely along the eastern side of the city and within the limits of made land, between Montgomery street and the water. On solid land outside of the thickly built business portions of the city, there was no serious damage done to any well constructed house; in the limits of made land, at least a score of brick buildings were badly strained or cracked, so that business cannot be resumed in them and they may have to be pulled down. Business is generally suspended. In every case but one of the fatal casualties, they resulted from falling cornices or firewalls on sidewalks beneath. Had the shock occured half an hour later, a large number of persons would have been killed and wounded. The greatest damage has been done to a belt extending several hundred feet wide, and running about north-west and south-east, commencing near the Custom House and ending near Fulsom street wharf, injuring and demolishing in its course the following buildings: Clay street, Graves, Wire worker; Howard Building, Cay and Sansome streets; A S Rosenbaum & co., Clay and Battery streets; S P Taylor & co; J Frank & co: M. Reese's building, California street near Sansome, the old one story brick building opposite the New Orleans warehouse; Coffy & Risdon's new building, Bush and Market streets; Booth & co, Mission and First streets, Gas co's building; Howard, Fremont and Folsom street wharfs; the Custom House is terribly damaged and questionable whether it will admit of repairs, the building is closed, the business of the department being temporarily removed to the Internal Revenue Office. Coffey & Risdon's building, the walls of which were very thin is completely demolished. Benchley building, Oriental block and Murphy & Grant's building, all ajoining Coffey & Risdon's, were not injured in the slightest degree. The roof of the old Mechanics Mill on Mission street corner of Fremont was prostrated and the walls were badly toppled over into the street in several places. The Mechanics' Co-operative Mill, Mission street was badly damaged; the planking in the centre of Mission street in front of the mill exposes an opening eight to ten inches in diameter, and openings of the ground are also plainly to be seen on Fremont street in the same vicinity; the floor of the Pacific Foundry is raised about two feet in places; in the Union Foundry First street corner of Mission, most of the machinery is displaced; the San Francisco Gas Works suffered severely, the tall chimney fell through the roof and the main walls are badly cracked; on Fremont street, the destruction is greater—a great quantity of coal was stored in the building and the pressure of a mass forced the wall out on the Fremont street side, from the roof to the foundation for the space of about 50 feet; the City Hall is in a very bad condition and the only people inhabiting it at present are the officers of the Fire Department. The Courts are adjourned and the prisoners were taken from the Station House to the County Jail. A line has been stretched across the front to keep people away. A part of the walls of the new Calvary Church fell down. At the corner of Market and First streets, the ground opened in a fissure several inches wide and forty or fifty feet in length; in all the other places the ground opened and water was forced above the surface. At No 138 Natomi street, Charles Moneypenny's brick boarding house was made a total wreck, most of it was thrown down; at No 144 same street, John Farmer's house was badly injured and most of his furniture was destroyed; all the patients in the United States Marine hospital were removed, the structure having been declared unsafe. Howard's building, Battery street between Clay and Commercial, the cornices and portions of the fire wall have fallen and are demolished. Thurnaur & Zinn's, and building occupied by them is badly cracked; on Sacramento street the chimney of the Mint building is so badly damaged that it became necessary to close the establishment for repairs. The walls of Kimball & co's carrage factory, corner Bryant and Fourth streets, were considerably cracked; the walls of the Brevort House on Mission street side were badly shattered; on California street, below Sansome, a large three story brick building formerly occupied by Heynemann & co was wholly ruined; in an adjoining one occupied by the Pacific pump factory the walls were thrown partly down. On the opposite side of California street, a house owned by Michael Reese was badly wrecked. Nearly all the windows of the stores on Third street between Mission and Market, were broken; the Mission Wollen Mills are damaged to a considerable extent; the large chimney on the Sugar Refinery on Eight street was badly cracked and adout 6 to 10 feet of the top thrown through the roof. The following casualties are reported: W Strong killed on Clay street, William Best was killed at the Occidental Hotel; Mansfield, a tinner, was reported killed on Sacrameto street; two Chinamen were killed; Joseph Nesbitt was struck by a falling awning and was terribly injured about the head and spine; at Coffey & Risdon's building there was buried in the ruins a Mr Show, there are no hopes of his recovery; two ladies on Folsom street had their legs broken, and numerous cases of serious injury occured in different parts of the city. At Oakland, Martinez, and all places around the bay the earthquake was very severe. The jail and court house at San Leandro fell down, and two or three persons were killed; at Haywood Alameda co Edmundson's new warehouse, is completely ruined. The flour mill of Heslop & Morse fell flat on the ground; Tony Oaks hotel is in ruins, also the Washington Hotel.

TWO DAYS LATER.

Dr. Livingston has again been heard from. He is said to have been within three days' march of Tranzepor. It is reported that the Alabama claims will be referred to the Emperor of Russia for arbitration! The process of reorganization in Spain is progressing rapidly. The sovereignty of the people and religious freedom are advocated by the Junta; no foreign intervention is anticipated. The Provisional Government aims at placing Spain on a level with the advanced powers and hopes the friendly relations of foreign Governments with Spain will be maintained. It is denied that the Emperor of the French favors the elevation of a Spanish Prince to the throne of Spain.

The United States news is entirely confined to election matters, and is devoid of interest.

The list of casualties in San Francisco was not so great as at first supposed. There had been only five deaths. Slight shocks had been felt since. The actual loss of property will not, it is thought, exceed five hundred thousand dollars.

ALL OVER
The world people of sense and judgment have learned the use
PLANTATION BITTERS.
Dyspepsia, with its symptoms, Headache, Heartburn, Feverish Lips, Bad Breath, Sallow Complexion, &c. can be cured by using PLANTATION BITTERS.
This is the most successful tonic of the age. Young, middle-aged and old, are delighted with its effects.
The first trial always has a marked good effect.
No change of diet is necessary. Eat all you wish, the best and most nutritious food.
It is the greatest cure ever known for an overloaded and distressed stomach, which it relieves in a few minutes.
We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.
PHYSICIANS ARE COMPELLED TO RECOMMEND IT.
CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.
CASCARILLA BARK.—For Diarrhea, Colic, and diseases of the stomach and bowels.
DANDELION.—For inflammation of the Loins and Dropsical Affections.
CHAMOMILE FLOWERS.—For enfeebled digestion.
LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.
WINTERGREEN.—For Scrofula, Rheumatism, &c.
ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.
Also clove-bude, orange, caraway, coriander, snake-root, &c.
S.T-1860-X.
Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.
With this recipe before the community, and evidences of effects meeting them on all sides, the success of Dr. DRAKE stands founded upon the rock of truth. Almost every family has some case of suffering which the PLANTATION BITTERS will alleviate and cure.
They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless
NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put upon by our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our United States stamp over the cork unmutilated, and our signature on steel plate side label.
Sold by respectable dealers throughout the habitable globe.
P. H. Drake & Co., New York, Sole Proprietors.
Redington & Co., San Francisco. Agents for California and Nevada.

MEXICAN MUSTANG LINIMENT.
The merits of this Liniment are well known. Its effects are instantaneous, soothing, and wonderful.
Cuts, bruises, sprains and swellings, are so common, and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.
It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.
READ THE FOLLOWING.
"I take pleasure in recommending the Mexican Mustang Liniment as a valuable and indispensable article for Sprains, Sores, Scratches, or Galls on horses. Our men have used it for Burns, Bruises, Sores, Rheumatism, &c. and all say it acts like magic. J. W. HEWITT, Foreman for Amer'n, Wells, Fargo's & Harnden's Express
"The sprain of my daughter's ankle, occasioned while skating last winter, was entirely cured in one week after she commenced using your celebrated Mustang Liniment." ED. SUTLY.
Gloucester, Mass., Aug. 1, 1865.
Quick and sure it certainly is. All genuine is wrapped in steel plate engravings, bearing the signature of G. W. Westbrook, Chemist, and the PRIVATE U. S. stamp of DEMAS BARNES & Co., over the top.
An effort has been made to counterfeit it with a cheap stone plate label. Look Closely!
Sold by all Druggists and Stores, @ 25 & 50 cts. and $1

LYON'S FLEA POWDER.
It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of fleas, ticks, bedbugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals.
Bedbugs, Roaches, Ants, etc., are in every house. This Powder is their natural death. It should be in every cupboard.
JOHN L. ROME, Esq., Superintendent of the New York City Hospital, says: * * * "It is the only SURE article we have ever used."
NEW YORK HOTEL PROPIETORS say: "We have used
LYON'S MAGNETIC POWDER
for exterminating insects and vermin, with entire satisfaction.
COLEMAN & STETSON, Astor House.
S. T. COZZENS, American Hotel.
ACKER & TREADWELL, St. Nicholas Hotel.
S. LELAND & CO., Metropolitan Hotel."
Testimony of this character might be added to any length. Wherever it is used it advertises itself.
The genuine has the signature of E. LYON, and the private stamp of DEMAS BARNES & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other.
Sold by all druggists and general storekeepers in every town and mining camp on the Pacific Coast.

A CARD.
THE Hyack Fire Company beg to return their sincere thanks to the Imperial and Royal Insurance Companies for their liberal donation of Twenty-five Dollars each to the funds of the Company, and also for their renewed expression of confidence in the efficiency of the New Westminster Fire Department.
WM. FISHER, Captain Hyack Co.,
WM. JOHNSTON, Chief Engineer, New Westminster Fire Department.
To W. J. ARMSTRONG, Agent Imperial Fire Co.
JAMES CUNNINGHAM, Agent Royal Insurance Company.

AYER'S

MEDICINES.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

ADDRESS

TO THE

NERVOUS AND DEBILITATED

WHOSE

SUFFERINGS HAVE BEEN PROTRACTED,

AND WHOSE CASES

REQUIRE PROMPT TREATMENT TO RENDER EXISTENCE DESIRABLE.

If you are suffering have suffered, what effect does it produce upon your general health?

Do you feel weak, debilitated, easily tired?

Does a little extra exertion produce palpitation of the heart?

Does your liver, urinary organs, or your kidneys, frequently get out of order?

Is your urine sometimes thick, milky or flocky, or is it ropy on settling?

Or does a thick scum rise to the top?

Or is a sediment at the bottom after it has stood awhile?

Do you have spells of short breathing or dyspepsia?

Are your bowels constipated?

Do you have spells of fainting or rushes of blood to the head?

Is your memory impaired?

Is your mind constantly dwelling on this subject?

Do you feel dull, listless, moping, tired of company, or of life?

Do you wish to be left alone, to get away from everybody?

Does any little thing make you start or jump?

Is your sleep broken or restless?

Is the lustre of your eye as brilliant?

The bloom on your cheek as bright?

Do you enjoy society as well?

Do you pursue your business with the same energy?

Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia.

Have you restless nights? Your back weak, your knees weak, and have but little appetite and you attribute this to dyspepsia or liver complaint?

NOW, READER,

DISEASES BADLY CURED, AND EXCESSES,

Are capable of producing a weakness of the generative organs. The organs of generation when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks, or any other meanness about them. I do not mean those who keep the organs inflamed by running into excess. These will not only ruin their constitutions, but also these they do business with or for.

How many men, from badly-cured diseases and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other form of disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other disease which humanity is heir to, and the real cause of the trouble never suspected, and have doctored for all but the right one?

Diseases of this sort require a Diuretic.

HELMBOLD'S

FLUID EXTRACT BUCHU IS THE

GREAT DIURETIC,

AND IS

A CERTAIN CURE FOR

Diseases of the Bladder,
Kidneys,
Gravel,
Dropsy,
Organic Weakness,
Female Complaints,
General Debility,

AND ALL DISEASES OF THE

URINARY ORGANS,

whether existing in male or female,

From whatever Cause originating, and no matter of how long standing.

☞ If no treatment is submitted to, CONSUMPTION or INSANITY may ensue. Our flesh and blood are supported from these sources, and the heath and happiness, and that of posterity, depends upon prompt use of a reliable remedy.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine:

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome *humor* in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S

CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

MOORE & Co., Agents, Victoria, V. I. Sold by H. W. SMITH and DR. JONES, New Westminster, and by every dealer in the Colony.

ADVICE GRATIS!

HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent of mankind at the head of all remedies for removing obnoxious matter from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, dysentery, diarrhœa, constipation, liver complaints, &c., a fact attested by myriads of witnesses. Excessive weakness and debility, the result of decreasing organic energy and vital decay, are restored and reinstated with vigor and healthful action in every organ throughout the system, by the sure and exhilirating influence of this medicine.

Female Complaints.

All disorders of the sex, and diseases in every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the region of the liver, on the right side under the ribs, and you will at once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this direful disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and rejoices in a completely renovated constitution; but it is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be consigned to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day, and the Pills taken in season, will cure any complaints arising from these organs.

Puffy, Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected, may tend to more serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills nightly for some little time; take plenty of fresh air with moderate exercise, and the broken machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

Complaints incident to Children.

All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and cleanse the stomach and bowels; a few doses of these famous Pills will immediately have the desired effect; but nobody is permitted to be careful in not allowing them to eat of things which they know would be injurious to themselves.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities,	Scrofula, or King's Evil,
Asthma,	Fevers of all kinds,	Sore Throats,
Bilious Complaints,	Fits,	Stone and Gravel,
Blotches on the Skin,	Gout,	Secondary Symptoms,
Bowel Complaints,	Head-ache,	Tic Douloureaux,
Colics,	Indigestion,	Tumours,
Constipation of the Bowels,	Inflammation,	Ulcers,
Consumption,	Jaundice,	Venereal Affections,
Debility,	Liver Complaints,	Worms of all kinds,
Dropsy,	Lumbago,	Weakness from whatever cause,
Dysentery,	Piles,	&c., &c.
Erysipelas,	Rheumatism,	
	Retention of Urine,	

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s., each Box.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin diseases will be speedily overcome. It acts not by repression, but repulsion. It enters the system as salt enters meat, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humours, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in unison with it, facilitating and confirming the conquest of the disease.

Diptheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, speedy and numerous, that these often fatal diseases are more easily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last named disease is commonly preceded by irregular action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in a cure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will act two or three times during the 24 hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same. The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and Stiff Joints,	Sore Nipples,
Burns,	Elephantiasis,	Sore-throats,
Bunions,	Fistulas,	Skin-diseases,
Bite of Mosquitoes and Sand-flies,	Gout,	Scurvy,
Coco-bay,	Glandular Swellings,	Sore-heads,
Chigo-foot,	Lumbago,	Tumors,
Corns (soft),	Piles,	Ulcers,
Cancers,	Rheumatism,	Wounds,
Chilblains,		Yaws.

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s., each Pot.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. 1y e5d
